

## TerraMaster Launches T-Series NAS June Carnival for SMBs' Data Management

### [Multimedia](#)

**TerraMaster, a professional brand focused on providing innovative storage products for homes and businesses has specially launched a T-series NAS in order to help SMB users better manage data and improve work efficiency, including T6-423, T9-423, T9-450, T12-423 and T12-450!**

TerraMaster 6-12bay T series NAS products can provide ultra-large storage capacities of up to 144TB-288TB respectively and support central backup, dual backup and external USB device backup to meet a variety of backup needs. They also compatible with multiple data storage such as AES IN hardware encryption and TRAIID+ ensures that users' data is easy to access, safe to store, and easy to use.

#### Ultimate Compactness 6bay NAS: T6-423

With Intel Quad-Core CPU, Dual 2.5GbE and Dual M.2 Slots, T6-423 is tailored specifically for SMB Users. It is a cost-effective professional storage solution for small-sized and medium-sized businesses without the need for a rackmount.

#### 9-12 Bay High Performance NAS: T9-423 and T12-423

They use an Intel Celeron N5095 quad-core processor with two 2.5 G internet interfaces and 8GB DDR4 dual-channel memory (expandable to 32 GB). This is a high-performance storage solution for iSCSI virtual extended storage and database service for small and medium-sized business clients.

#### Dual 10-Gigabit NAS: T9-450 and T12-450

TerraMaster T9-450 and T12-450 are powered by Intel Atom C3558R quad-core processor with a 8GB DDR4 dual-channel memory (expandable up to 32GB), dual SFP+ 10GB fiber interfaces and dual 2.5GbE ports. They are specifically developed for users who require high-speed storage, which can meet the stringent demands of 4K image editing, virtualization, databases, and other applications with high storage performanc

#### D8 Hybrid and NAS Bundle

The industry's first 8bay USB3.2 10Gbps RAID Storage D8 Hybrid launched by TerraMaster is currently being crowdfunded on Kickstarter. This project w NAS Space Up to 128TB.
